

**SENTINEL LASER CUT INTERNATIONAL TACTICAL VEST**  
SOFT ARMOR PLATE CARRIER

The Sentinel Laser-cut International Tactical Vest inspires confidence by protecting against most handgun rounds with its factory loaded front and back Level IIIA NIJ certified ballistic panels. This carrier also offers top-loading external plate pockets to quickly insert 10" x 12" or 9.5" x 12.5" ESAPI rifle-rated body armor. The Sentinel has Rare Earth MagLock connections on an elastic cummerbund and aggressive hook and loop connections on split-shoulder straps.

## SENTINEL LASER CUT INTERNATIONAL TACTICAL VEST SOFT ARMOR PLATE CARRIER

### CARRIER DETAILS

Sentinel Laser Cut International Tactical Vest accommodates 10" x 12" or 9.5" x 12.5" MED ESAPI plates in front and back external pockets

Plates are easily loaded into the external pockets from the top and held secure with an aggressive hook and loop flap

Cut-away view of the Sentinel Laser Cut front with a Spartan Armor Systems® AR550 steel plate inserted into the external pocket

Cut-away view of the Sentinel Laser Cut back with a Spartan Armor Systems® AR550 steel plate inserted into the external pocket

Rare Earth Maglock connectors on elastic cummerbund allow easy don and doff of plate carrier

Aggressive hook and loop connections on adjustable split-shoulder straps for rapid don and doff of carrier

Level IIIA NIJ Certified Protection plates are factory installed, load from the bottom and held in place with aggressive hook and loop strips

Sentinel Laser Cut International Tactical Vest has a two-inch adjustable elastic waist strap, with hook and loop end connectors, for added comfort

Front of carrier has three chest pockets, ID panel, name tag panel and a laser cut MOLLE panel for accessories

Back of carriers offers a heavy-duty rear drag handle, ID panel and a laser cut MOLLE panel for accessories
